About this home

A warm and supportive children's residential home in Smethwick, designed for young people aged 14-18 with learning disabilities, autism spectrum conditions and mental health and associated needs. The home offers seven individual self-contained living areas, each with a bedroom, wet room, kitchen, and lounge/diner, alongside a shared lounge, garden, and enrichment room. We aim to provide a safe, nurturing, and family-like environment where every young person can thrive and build the skills needed for adulthood.

Support services

We provide 24/7, person-centred support delivered by a highly skilled and compassionate team.

We work to the PERMA model of care also known as the model of happiness. This supports the young people to enhance their wellbeing and resilience through positive emotion, engagement, relationships, meanings and accomplishment. Our approach is trauma-informed, to create safe and supportive environments that help young people affected by trauma to feel safe and develop trusting relationships.

Each young person has a tailored care plan and access to therapeutic input, education support, and practical guidance to help them build resilience and confidence.

What we offer

We offer safe, stable, and consistent care alongside opportunities for growth. This includes support with education, life skills, emotional wellbeing, and developing independence. Young people are encouraged to take part in a wide range of hobbies, sports, and creative activities, while also being supported to maintain family connections and cultural or religious practices.

Gallery

Lifestyle

Combining structure with opportunities for choice and independence. Young people can enjoy communal time together, personal hobbies, and local youth activities. With team member support, they are encouraged to make positive decisions, explore their talents, and celebrate achievements while learning vital life skills for the future.

Who are we?

Dignus Group is a leading provider of specialist support, offering both residential services through Dignus Specialist Care and supported living via Dignus Support. We proudly support individuals with learning disabilities, mental health needs, autism spectrum conditions, and other complex conditions in environments that foster independence and inclusion. Through our person-centred approach, we work in partnership with people supported and their families to enable meaningful, fulfilling lives.

The local area

Smethwick is a welcoming and family-focused community within the Borough of Sandwell. With excellent transport links to Birmingham and surrounding areas, young people benefit from access to schools, colleges, leisure facilities, and cultural opportunities. The area also offers a wide range of youth services, clubs, and inclusive community activities that support personal and social development.

Dignus Group provides specialist support for people with complex needs, autism spectrum conditions, learning disabilities, and mental health conditions. We create safe, inclusive environments where individuals are valued, supported, and empowered to live fulfilling lives.
